## **PARAREV** CHARGE QUOTE

The call for price transparency in healthcare is growing. Providers need to help patients make educated decisions about their treatment options and provide meaningful information about their patient financial responsibility. The benefits of doing so include: Provide pricing transparency, educate patients on payer requirements and benefits, provide estimates prior to service avoiding unexpected liability, reduce patient dissatisfaction directed at the provider and Increase self pay collections while decreasing bad debt.

The purpose of **The ParaRev Data Editor Charge Quote** tool is to provide timely and accurate patient estimates for self-pay, Medicare and commercial payers.

The **ParaRev Data Editor Charge Quote** tool will help your facility provide patients with this information and their payment options before the time of service. The **ParaRev Data Editor (PDE)** empowers your staff to develop patient estimates quickly and easily. Charge Quote is user friendly with critical components on a single screen to provide:

Select Ovance Quote Chance Process Claim/RA Contracts Pricing Data Pricing Rx / Supples Pitters CDH Calculator Advisor Advisor
